Anytime. Anywhere.

A portable Commode liner for containment and disposal of human waste. The Waste Bag Kit features include a puncture-resistant zip-closure double-bagging system with a proprietary blend of polymer gelling powder for liquid capture, enzyme decaying catalysts, and odor masking agents, all suitable for landfill or compost heap disposal. Each bag comes with toilet paper and an antimicrobial wipe.

KEY PRODUCT FEATURES

- Sized for use in a standard (empty) toilet, 5-gallon bucket, waste basket, or other support object
- Our special blend of polymers and enzymes masks odor and transforms waste into gel
- Comes complete with antimicrobial wipe and toilet paper
- 3mm-thick outer zip closure bag traps in odor as well as waste
- Trash container safe, meets state and provincial disposal requirements
- Unique bag-in-bag design provides users with safety and convenience
- Minimum shelf life of ten (10) years
- Effective temperature range -40°C to 40°C (-40°F to 104°F)
- Meets or exceeds ASTM D-1709-98 impact resistance test
