

The Disposa-John Portable Restroom contains everything needed to safely dispose of solid human waste. Our patented “bag-in-bag” design and final zipper closure securely contains the waste and the odor, while our special blend of polymers and enzymes instantly begins to break down the waste and convert it into a deodorized gel.

Disposa-John bags are designed to work in conjunction with our Commode and are also sold as part of our Field Lavatory Kits.

Just reach for Brief Relief...anytime...anywhere.
