

Flight Extender II

BR640

Brief Relief
PERSONAL LAVATORY SYSTEMS

Just reach for Brief Relief®
Anytime. Anywhere.

The Flight Extender II Urinal Bag provides a safe and convenient alternative when nature calls. This bag is specifically designed to be used while in a seated position (as in an aircraft) by both men and women. Our proprietary blend of naturally occurring non-toxic polymers and enzymes instantly transforms urine into a gel. The funnel design and one-way valve prevent accidental spills.

Manufactured with military standards in mind, Brief Relief comes complete with a high quality antimicrobial wipe for clean up after use.

KEY PRODUCT FEATURES

- Locking bag guards against spills or leaks and transmission of bacteria
- Our special blend of polymers and enzymes contains odor and transforms waste into gel
- Shaped for ease of use while in a sitting position, such as in an aircraft or vehicle (truck, car, crane, etc.)
- Designed for ease of use by both men and women
- Comes complete with antimicrobial wipe and toilet paper
- 3mm-thick bag design traps in odor as well as waste
- Trash container safe, meets state and provincial disposal requirements
- Minimum shelf life of ten (10) years
- Effective temperature range -40°C to 40°C (-40°F to 104°F)
- Meets or exceeds ASTM D-1709-98 impact resistance test
